

CERTIFICATE 3 GUARANTEE

A QUEENSLAND GOVERNMENT INITIATIVE

Interested in Completing Your Certificate II in Conservation and Ecosystem Management?

Are you Eligible for enrolment in a government funded Certificate II in Conservation and Ecosystem Management?

ATTENTION All Queensland Eligible Students

Enrol in a Nationally Recognized Qualification funded by the Queensland Government Certificate II in Conservation and Ecosystem Management from just **\$50** under the Certificate 3 Guarantee Program.

What is Certificate 3 Guarantee?

The Certificate 3 Guarantee provides a government subsidy to support eligible individuals to complete their first post-school certificate III qualification.

Are you Eligible?

This program is open to individuals who are:

- Be a Queensland resident
- Be aged 15 years or over, and no longer at school (with the exception of VET in Schools students)
- Be an Australian or New Zealand citizen or Australian permanent resident (including humanitarian entrants), or a temporary resident with the necessary visa and work permits on the pathway to permanent residency
- Not hold, or not be enrolled in, a certificate III level or higher qualification (not including qualifications completed at school and foundations skills training).

Contact the Team at Ballistic Training Solutions today to discuss your eligibility or further details on the Qld Government Certificate 3 Guarantee Program.

What level of subsidy is available?

The investment priority or importance of the training determines the size of the government subsidy. Training in vocational areas that align with important economic and industry skills needs will receive a higher government subsidy.

Do I need to contribute to the cost of training?

Given the benefits that training provides to individuals, students undertaking certificate III level training and non-concessional students undertaking lower-level vocational training are required to contribute to the costs of their Training through a co-contribution fee. The amount of your out-of-pocket expense will vary depending on the course you undertake and the training provider you choose. The fee may be paid on your behalf by an employer or another third party, but cannot be paid by the training provider.

AHC21020 Certificate II in Conservation and Ecosystem Management

Qualification Description

This qualification provides the skills and knowledge required for work in a defined context and/or for further study in conservation and ecosystem management. Work would be carried out under general guidance and supervision.

The qualification enables individuals to select and develop basic factual, technical and procedural knowledge in conservation and ecosystem management for Indigenous land management, lands, parks and wildlife services and the restoration and rehabilitation of ecosystems.

No licensing, legislative or certification requirements apply to this qualification at the time of publication. Users are advised that individual elective units selected may have licensing, legislative or certification requirements and are advised to check the units individually for these requirements.

Applicable occupations are:

Park Ranger / Wildlife Officer / Primary producer / Research officer / Pest Management Specialist

Packaging Rules

Total number of units = 15 (2 Core / 13 Electives)

Elective units must ensure the integrity of the qualification's Australian Qualification Framework (AQF) alignment and contribute to a valid, industry-supported vocational outcome. The electives are to be chosen as follows:

- at least 4 must be selected from Group A
- remaining units can be selected from Group A or Group B and up to 3 units from any Training Package or accredited course

NATIONALLY RECOGNISED
TRAINING
