

## OVERVIEW

This course is delivered in a face-to-face workshop and industry field placement format incorporating knowledge-based theory assessment and field practical assessment activities conducted over a day depending on the knowledge skill and competency of participants.

## PRE-REQUISITE UNITS

Nil

## EDUCATION PATHWAY

AHC31424 Certificate III in Conservation & Ecosystem Management, or a range of other Certificate IV qualifications.

## CAREER OPPORTUNITIES

Park Ranger | Wildlife Officer | Primary Producer | Research Officer | Pest Management Specialist

# AHC21024 Certificate II in Conservation and Ecosystem Management

## DESCRIPTION

This qualification provides the skills and knowledge required for work in a defined context and/or for further study in conservation and ecosystem management. Work would be carried out under general guidance and supervision.

The qualification enables individuals to select and develop basic factual, technical and procedural knowledge in conservation and ecosystem management for Indigenous land management, lands, parks and wildlife services and the restoration and rehabilitation of ecosystems.

No licensing, legislative or certification requirements apply to this qualification at the time of publication. Users are advised that individual elective units selected may have licensing, legislative or certification requirements and are advised to check the units individually for these requirements.

This course is an entry level Conservation and Ecosystem Management Qualification encompassing numerous hands-on industry specific, field orientated practical activities.

## EASY ENROLMENT!

1. Contact one of our expert consultants to discuss your specific needs
2. Complete enrolment form & pay relevant course fees per candidate handbook
3. Discuss customized training options with your trainer/assessor
4. Complete training plan detailing delivery strategy
5. Commence Course
