### ASSESSMENT CONDITIONS

This unit is delivered in a workshop format with students completing underpinning knowledge assessment and application PRIOR to undertaking practical assessment in the workplace or simulated workplace. Each candidate to demonstrate skills in an environment that provides realistic in-depth, scenarios and simulations to assess candidates' skills and knowledge. Due to the nature of this type of training, it is acceptable for the performance evidence to be collected in a simulated environment.

Compression and ventilation skills must be demonstrated on resuscitation manikins following ARC guidelines for the purpose of assessment of CPR procedures.

Assessment must ensure access to:  
adult and infant resuscitation manikins following ARC guidelines for the purpose of assessment of CPR procedures

AED training devices

personal protective equipment (PPE).

Simulated assessment environments must simulate real-life situations where these skills and knowledge would be performed, with all the relevant equipment and resources of that workplace or community environment.

Specifications:

Adult and Infant Resuscitation mannequin and associated CPR resources including AED.

Timeframes:

As per job requirement.
